

# GCCBOSC 2018

## A Bioinformatics Community Conference

uniting the

## Galaxy Community Conference & Bioinformatics Open Source Conference

June 25-30, 2018, Portland, Oregon <https://gccbosc2018.sched.com/>

### Call for sponsorships

The first unified Galaxy Community and Bioinformatics Open Source Conference (GCCBOSC) will be held June 25-30, 2018 in Portland, Oregon. This is an opportunity to reach 300+ researchers, decision makers, support staff, and software engineers, all working in data intensive bioinformatics. Sponsorship opportunities are available at multiple levels and for multiple events. GCCBOSC is split into two days of training, a two day meeting, and two days of collaborative work (hackathons/codefests). Sponsorships are available at multiple levels and offer a wide range of benefits and pricing.

### Meeting & Training Sponsorships

	Bronze	Silver	Gold	Platinum
Cost	\$1000	\$2000	\$4000	\$8000
