

No Internship? No Problem!  
Contribute to Galaxy!

Write Real Code &  
Build your Resume!

Join us February 25th for our next Papercut

<https://galaxyproject.org/events/cofests/papercuts/>

### What is Galaxy?

The Galaxy Project is an open-source, web-based platform used all around the world for computational research.

### What is a Papercut event?

- Monthly 24 hour community collaboration event
- Work on small, easy-to-fix bugs
- Exceptionally supportive with Zoom calls hosted every three hours and Gitter chat channels available all day

### Why should I contribute?

1. Real World Applications for your code!
2. Collaborative Approach makes it easy to get help
3. Easy-to-fix bugs in a low pressure and ultra-supportive environment
