- 14 June Regular registration closes
- 26 June Late registration closes
- 30 June Training Day: 15 sessions, 12 topics
- 1 July Meeting Day 1
- 2 July Meeting Day 2

*Galaxy: Data intensive biology, for everyone.*

Galaxy

Galaxy is an open, web-based platform for data intensive biomedical research that enables bioinformaticians and bench scientists alike to create, run, tune, and share analyses. GCC2013 aims to engage a community of developers, data producers, core facilities staff, and tool creators, all working towards addressing the challenges of big data biological research.

**MLS**UiO  
Molecular Life Science  
- a multifaculty priority research area at UiO

The Research Council  
of Norway
